This animation highlights our exciting research findings on the bioavailability of oxygen which have been published in the international literature:

Verberk WCEP, Bilton DT, Calosi P & Spicer JJ (2011) Oxygen supply in aquatic ectotherms: Partial pressure and solubility together explain biodiversity and size patterns. *Ecology* 92:1565-1572. <http://dx.doi.org/10.1890/10-2369.1>

A large audience was captivated by our film at the symposium:
